FROM JIMMY WITH ARP

Jimmy Page is leading the way into the latest sounds of rock with the latest in musical instruments.

His musical gifts are brought to you with a little help from his ARP electronic music synthesizers. Jimmy plays the ARP Odyssey. Designed by musicians for musicians. Every control is just where he wants it. It feels right and sounds incredible. That's why the Odyssey is called the ultimate musical trip. In his studio work, Jimmy uses the concert-grand of all synthesizers. The ARP 2500.

Jimmy Page and ARP. A musical team with a lot going for it. It's no wonder that Jimmy sends you his best with ARP.
