

you don't need a pilot's licence to play one...

The Korg Delta is very easy to play and yet incredibly versatile. The strings and polyphonic synthesizer section are separated to give you complete control of sound.

The synthesizer section is fully polyphonic with easy to operate voltage controlled filters and envelope generator. The strings sound has attack and release controls which are independent of the synthesizer. There are also separate outputs for the synthesizer and string section which enables you to obtain a stereo effect. In addition a joy stick control gives quick, convenient control of pitch bend vibrato and other effects.

The facilities of the Korg Delta can be further expanded by connection to other keyboards, rhythm units and effects pedals using the input and outputs on the rear panel.

So take off to your nearest Korg Key Centre and break the sound barrier with the Korg Delta.

KORG

inspires your creativity.

32/34 Gordon House Road, Kentish Town, London NW5 1NE. Tel: 01 267 5151.

Korg Key Centres stock a wide selection of Korg synthesisers and can give you professional advice. Write or telephone for the name and address of your nearest dealer
