AVAILABLE APRIL

The **CHEETAH MS800** smashes through the price barrier to deliver top quality, digital multi-timbral, sound synthesis at an incredible price. Each voice uses 4 sampled wave oscillators, layered across the stereo field to give a richness and depth unrivalled at this price. In addition to the 256 powerful presets, the **MS800** has 64 user programmable sounds. Choose from the many different waveforms to create your own complex voices. Use the 64 user programmable performance memories to make up your own combinations of voices in a multi-timbral configuration. Packaged in a convenient one unit high 19" rack mount case, the **MS800** is ideal for studio or home use and is about to give a level of performance previously beyond the reach of the vast majority of musicians.

R.R.P. **£199.95** inc. VAT
