

SYMPHONY'S 128 VOICE RAM WILL GET YOUR ROLAND ROCKIN'.

Unleash the music in your Roland keyboard or drum machine with the power of Symphony 128. Our new S-16 and S-64 RAM memory cartridges have four times the memory storage capability of Roland's own cartridges. Here's more good news: you can get your hands on a Symphony 128 now, with no delivery delays. So get in to your Symphony dealer today, and get in to the Symphony sound.

Symphony 128 features

- One-year replacement warranty
- Four total banks of data memory
- High toggle memory bank switching
- 128 voice capability (S-16)
- Write-protect switch with red/green LED
- Each S-64 bank downward compatible with S-16 cartridge (i.e., three banks drum machine, one bank JX-8P)

See the Symphony 128 in action at your local SYMPHONY dealer. Or call Symphony Series, Inc. (801) 566-1683.
