1987-1993

Keys 13

Aftertouch No

Programmable over keyboard (Oktave +/-, MIDI-Kanal, Mono/Poly)

MIDI-Channels 1-16

Version B

With reset button and different programming to version A

Vintage Elka PM 13 MIDI Bass Pedal Synthesizer. Pedalboard Connects to any MIDI Generator (IE Keyboard) and Play the Bass by Foot Pedals. Transpose and Hold Functions are Incorporated on the Pedal. The White Keys are from Left to Right the MIDI Channels 1 to 7, the Black Keys are the Octave Range (C# = C1-C2, D# = C2-C3 ...). Unit Functions Very Well for Performing without a Bass Player.
