

More is a "Plus."

It's that simple. The E-mu Proteus Master Performance System Plus has more of what you want.

More E-mu Sounds.

The MPS Plus comes standard with 8MB of CD-quality sounds. It starts with the same 4MB of samples that made the MPS famous—sounds like grand pianos, screaming electric guitars, punchy brass and much more. The Plus adds an additional 4MB of orchestral sounds including solo strings, woodwinds, classical brass and orchestral percussion—the power and grandeur of a full symphony orchestra at your fingertips. Combined with our studio-quality digital effects you've got access to more incredible sounds that will let you express your personal style of music.

More Features.

Add features like 32 voice polyphony, 16-MIDI channel multi-timbral operation, 4 polyphonic outputs and the ability to access 500 onboard presets. Add powerful performance and MIDI control capabilities like Quick Keys and Performance Maps—all with the industry's clearest, most straightforward user interface—and you've got the perfect instrument to use for live performance, sequencing, or as the heart of an extensive MIDI-based music system.

More Value.

Why settle for less? You won't find a better value anywhere. More superb E-mu sounds. More easy-to-use features. More reason to visit your nearest E-mu dealer for a demo of the MPS Plus.
