

Attach a

**Zebar**<sup>FINGERSTRIP™</sup>

pressure sensitive sound modulator  
here and you can Press, Wiggle,  
and Lean your way to  
better music.

It plugs  
into the  
Pedal/CV  
Input.

**The Concept:** A modulator  
designed with music in mind.  
Lightning fast with a natural feel.  
Press, wiggle, and lean your way  
through monster riffs.

**The Result:** Better music.  
Realistic vibrato, killer pitch bends,  
dynamic filter sweeps.

Expressive. Natural. Real.

It's the better way to express yourself.

For info: Call 1-800-345-9757.

or here,  
to give your keyboard  
pressure sensitive keys.  
Great for ESQ-1 and SQ-1.
