

Some things are better than others...

Oberheim Polyphonic Synthesizers are fast becoming the choice above all others of the Professional Musician, both on the stage and in the studio. We started shipping units in November, 1975 and already some of the heaviest names in the Music Industry have purchased their Oberheim Polyphonic Synthesizers. These artists are: Stevie Wonder, Herbie Hancock, Larry Fast, James Newton Howard (Elton John Band), Tiran Porter and Michael McDonald (Doobie Brothers), Mike Utley (Kris Kristofferson's Band), Joe Zawinul (Weather Report), John Entwistle (The Who), Gary Wright, Tomita, Bayete (Automatic Man), Skip Korte (Three Dog Night).

Clockwise from top: Oberheim Eight Voice Polyphonic Synthesizer, Oberheim Four Voice Polyphonic Synthesizer, Oberheim Mini-Sequencer, Oberheim Synthesizer Expander Module, Oberheim Two Voice Polyphonic Synthesizer, The Oberheim 144 Note Digital Sequencer.

There is no substitute for an Oberheim, when it comes to capability, sound, performance, quality and the vehicle for creative expression.
