

BRING ON THE TRUMPETS, CLARINETS' & BASS GUITAR!

You can do it—with this new, easy-to-play Wersi bass/mini-synthesizer!

Advanced electronics delivers pure bass guitar sounds with a full range of flute stops—plus synthesized woodwinds and brass. Manual and automatic up/down, octave glide, variable attack and sustain, free-running wah-wah add extra capabilities. Built-in three octave keyboard can be remotely controlled from external keyboards or pedals.

Write today for *free* detailed specs on this new Bassie synthesizer! Or, send two dollars for your 104-page catalog on the complete line of professional Wersi keyboard systems. Wersi Electronics, Dept. KY, Box 5318, Lancaster, PA 17601. In Canada, S-P International, 7086 Russel Avenue, Burnaby, B.C. V5J 4R9.
