

The new advanced-design CS70M programmable polyphonic synthesizer.

# FREEDOM OF EXPRESSION.

Yamaha's CS70M gives you the power to express yourself. This dual channel programmable polyphonic synthesizer has full six-voice capability and a built-in 4-bank polyphonic sequencer. It's like having an extra pair of hands.

And the CS70M also has a split personality. You can divide the keyboard to function like two independent keyboards, either at

a set point or anywhere you choose, and play two different voices from each side.

You can program, for instant recall, up to 30 separate voices, each comprised of 39 voice parameters. Add to this the unique magnetic data card system, and you have virtually unlimited storage capacity.

And virtually unlimited expressive capability with the

CS70M's built-in tremolo, ensemble, real-time LFO and exclusive keyboard after-touch sensitivity.

The CS70M has all this and much more. Try one at your Yamaha dealer. It'll give you all the freedom you need to express yourself. For more information, write: Yamaha, Box 6600, Buena Park, CA 90622. In Canada, 135 Milner Ave, Scarborough, Ont. M1S 3R1.
