

# GIVE YOUR DX-7 THE POWER OF 128 VOICES. FOR THE PRICE OF 32.

Symphony Series, Inc. presents the superior RAM alternative: The Symphony 128 RAM cartridge for Yamaha DX-7 keyboards and RX-11 drum machines. Now you can expand your memory channel library to 160 total channels without altering your keyboard or damaging its warranty.

## Symphony 128 features:

- Four memory banks of 32 channels each (160 total channels when combined with internal memory).
- "High toggle" memory bank switching while you play.
- "Write protect" switch with Red/Green LED.
- No batteries needed.
- 10 year replacement warranty for manufacturing defects.
- Suggested retail price \$125.00

See the Symphony 128 in action at your local Yamaha dealer. Or call Symphony Series, Inc., (801) 566-1683
